

ZW Double-Suction Vertical Pump

Rock Solid Vertical Pump Solutions

GIW delivers non-stop solutions for boosting productivity and profits.

ZW Series Components:

Providing performance and efficiency at great value. The ZW series, with minimal service requirements, yields an economical answer for abrasive slurries.

Performance Applications

- Abrasive Slurries
- Dewatering
- Floor Clean Up
- Process Transfer

- Maximum wear resistance through high chrome material configuration
- Exclusive top and bottom suction arrangement allows for high concentration pumpability and maximum clearing of pump
- Large solids pass freely due to semi-open impeller design
- Key operated secure impeller system ensures a firm connection and fail-safe operation
- Vertical cantilever design means no submerged lower bearing, eliminating unnecessary downtime
- Heavy duty bearing arrangement delivers rugged service life with a wide variety of motor size options
- Application flexibility through V-belt or direct connected drive

Our Equipment, Your Success.
